

How to transfer HKBU MFA to your new smartphone

This setup guide provides the information for transferring HKBU MFA to your new smartphone. With this setup manual, you can

- do it anywhere and anytime, and not need to return campus.
- do the whole setup by using your new smartphone only.
- simply follow the steps below and get it done easily.

For the setup, it involves the following steps

- A. Install Duo Mobile
- B. Get Emergency Access Code for MFA
- C. Register your new smartphone to MFA

A. Install Duo Mobile

Please make sure the Duo Mobile app is installed before setup of HKBU MFA

iOS: <https://apps.apple.com/us/app/duo-mobile/id422663827>

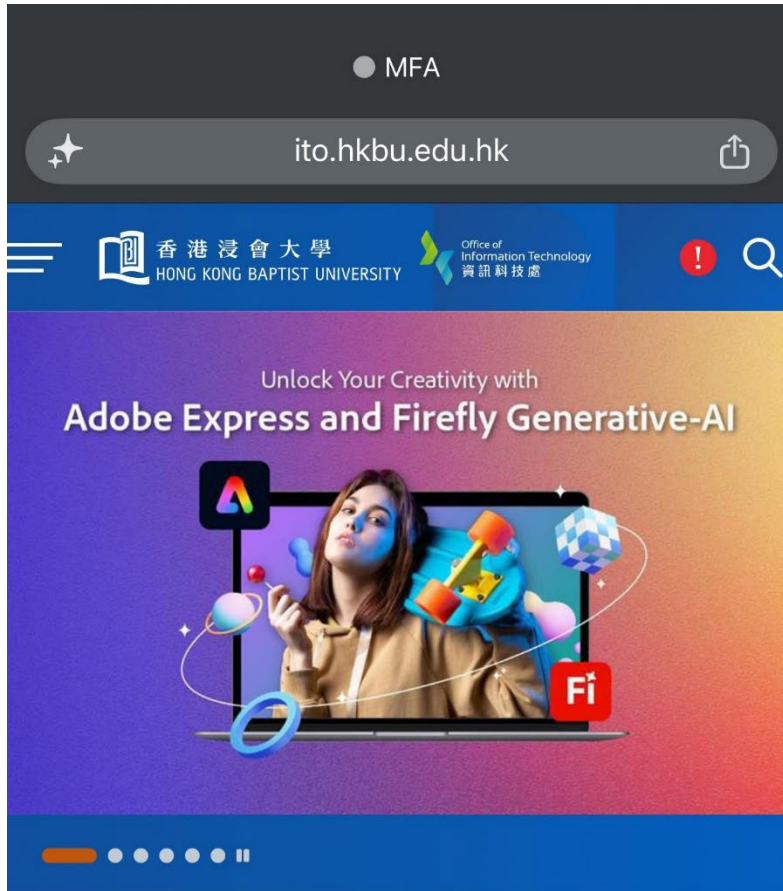

Android: <https://play.google.com/store/apps/details?id=com.duosecurity.duomobile&hl=en&gl=US>

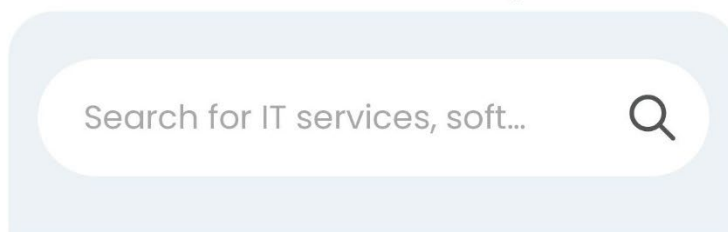

Download APK: <https://dl.duosecurity.com/DuoMobile-latest.apk>

B. Get Emergency Access Code for MFA

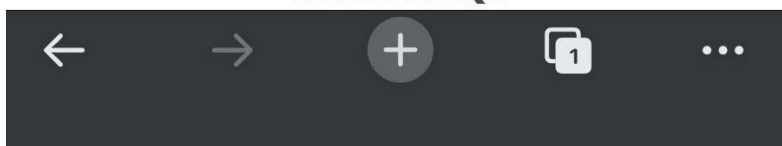

1. Visit HKBU ITO website, by click following picture or enter the URL

5. Select “OBTAIN BYPASS CODE”

6. Enter your personal information, then select “NEXT”

The image shows a mobile application interface for registration. At the top, there is a dark header with a radio button labeled "MFA". Below this is a browser-like address bar showing "iss.hkbu.edu.hk" with a share icon on the right. A link "hotline@hkbu.edu.hk for assistance." is displayed. The main form area has a light background with a building image. It contains several input fields: "HKBU Email Address" with a red note "(please **INCLUDE** @hkbu.edu.hk / @life.hkbu.edu.hk)", "Password", "Date of Birth (ddmmyyyy)" with a calendar icon, and "HKID" with a dropdown arrow. Below these is a section for "Identity No.(The first 5 characters)" with an example "HKID e.g.: A1234xx(x) -> A1234". A CAPTCHA box shows the characters "h 5 7 e". Below that is a "Verification Code" field with the instruction "(4-Character, Case-insensitive)". At the bottom of the form is a blue button labeled "NEXT", which is circled in red. The very bottom of the screen shows a mobile OS navigation bar with back, forward, home, and app switcher icons.

7. Select “CONTINUE”

8. Enter your security question, then select “VIEW MY PASS CODE ONLINE”

The screenshot shows a mobile browser interface. At the top, a dark header bar contains a grey circle and the text "MFA". Below this is a browser address bar showing "iss.hkbu.edu.hk" with a share icon on the right. The main content area has a blue header with the Hong Kong Baptist University logo and name. The title "Obtain Multi-factor Authentication (MFA) Bypass Code" is displayed in large blue text. Below the title, a link "Retrieve Duo Bypass Code online" is shown. A paragraph explains that users should answer a security question to retrieve their Duo Bypass Code online. The security question is "What is your elder sister's mobile number?", followed by a refresh icon. A text input field is provided for the answer. Below the input field is a checkbox labeled "Show your answer." and a grey "EXIT" button. A blue button labeled "VIEW MY BYPASS CODE ONLINE" is circled in red. At the bottom, a note states: "Note: If you were unable to receive the 'Bypass Code Email', and have forgotten the answer to your Security Question, please complete and". The bottom of the screen shows a mobile navigation bar with back, forward, home, and tabs icons.
